PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with strong expertise in building scalable, secure, and high-performing web applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)** and **Next.js**. Experienced in delivering responsive user interfaces, robust backend APIs, and reliable database systems. Proven ability to develop authentication systems, dashboards, e-commerce platforms, blogs, and portfolio websites with real-world functionality. Passionate about clean code, performance optimization, and delivering seamless user experiences.

TECHNICAL SKILLS

Frontend:

- React.js, Next.js, JavaScript (ES6+), HTML5, CSS3
- Responsive Design, UI/UX Best Practices
- Framer Motion, CSS Animations, Component-Based Architecture
- Tailwind, Bootstrap

Backend:

- Node.js, Express.js
- RESTful APIs, Authentication & Authorization (JWT, OAuth)
- Middleware, Error Handling, API Security

Database & Storage:

- MongoDB, Mongoose
- Database Design, Indexing, Data Validation

DevOps & Tools:

- Git, GitHub, Vite, npm, Postman
- Environment Configuration, Deployment (Vercel, Netlify, Render)

Other Skills:

- MVC Architecture, Clean Code Principles
 - Performance Optimization, SEO Basics
 - Agile Workflow & Version Control
-

PROFESSIONAL EXPERIENCE

Full Stack Developer

Freelance / Personal Projects — 2023 – Present

- Designed and developed **full-stack web applications** using MERN and Next.js from scratch.
 - Built **responsive frontends** with modern UI patterns and accessibility best practices.
 - Developed **secure backend APIs** with JWT authentication, role-based access control, and protected routes.
 - Designed and managed **MongoDB databases**, ensuring data integrity and optimized query performance.
 - Implemented **e-commerce systems** including product management, cart functionality, checkout flows, and admin dashboards.
 - Built **content management systems (CMS)** for blogs, portfolios, and business websites.
 - Integrated third-party services such as payment gateways, email services, and analytics tools.
 - Deployed applications to cloud platforms with environment configuration and CI/CD workflows.
-

PROJECTS

E-Commerce Web Application

- Built a full-featured e-commerce platform with user authentication, product listings, cart system, order processing, and admin dashboard.
- Technologies: React, Node.js, Express, MongoDB, JWT, Stripe/Paystack integration.

Business Dashboard & Admin Panel

- Developed a role-based dashboard system with secure login, analytics charts, and data management tools.
- Technologies: Next.js, MongoDB, REST APIs, Chart libraries, Authentication middleware.

Blog & Content Management System

- Created a dynamic blog platform with user roles, content publishing, commenting, and SEO optimization.
- Technologies: MERN stack, Markdown support, API-driven architecture.

Personal Portfolio Website

- Designed and built a responsive, high-performance portfolio website to showcase projects and skills.
- Technologies: Next.js, Framer Motion, SEO optimization, responsive layouts.

EDUCATION

Project Management Technology,

Federal University of Technology, Owerri. Imo State — [2017]

Software Development (FULL STACK),

GomyCode.Nigeria.

CERTIFICATIONS *(Optional)*

- Full Stack Web Development Certification
- JavaScript / React / Node.js

SOFT SKILLS

- Strong problem-solving and debugging skills
 - Clear communication and teamwork
 - Time management and self-motivation
 - Adaptability and continuous learning
-

AVAILABILITY

Open to remote, hybrid, or on-site roles. Available for freelance, contract, or full-time opportunities.
